Milton A. Mayo, Jr.
Inspector General
Equal Employment Opportunity Commission

We reviewed established policies and procedures for the audit function of the Equal Employment Opportunity Commission (EEOC) Office of Inspector General (OIG) in effect at March 31, 2020. Established policies and procedures are one of the components of a system of quality control to provide the EEOC OIG with reasonable assurance of conforming with applicable professional standards. The components of a system of quality control are described in the Government Auditing Standards.

Based on our review, the established policies and procedures for the audit function at March 31, 2020 were current and consistent with applicable professional standards as stated.

In addition to reviewing established policies and procedures for the audit function of the EEOC OIG, we applied certain limited procedures in accordance with guidance established by the Council of the Inspectors General on Integrity and Efficiency (CIGIE) Guide for Conducting Peer Reviews of Audit Organizations of Federal Offices of Inspector General related to EEOC OIG’s monitoring of GAGAS engagements performed by Independent Public Accountants (IPAs) under contract where the IPA served as the auditor.

It should be noted that monitoring of GAGAS engagements performed by IPAs is not an audit; therefore, it is not subject to the requirements of Government Auditing Standards. The purpose of our limited procedures was to determine whether EEOC OIG had controls to ensure that IPAs performed contracted work in accordance with professional standards. However, our objective was not to express an opinion; accordingly, we do not express an opinion on the EEOC OIG’s monitoring of work performed by IPAs.

Our review was conducted in accordance with the CIGIE March 2020 Guide for Conducting Peer Reviews of Audit Organizations of Federal Offices of Inspector General for assessing established audit policies and procedures.
During our review, we (1) obtained an understanding of the nature of the EEOC OIG’s audit function and (2) assessed established audit policies and procedures and the EEOC OIG’s IPA monitoring process. We also reviewed the following IPA monitoring projects:
